

To whom it may concern:

Dear Sir/Madam,

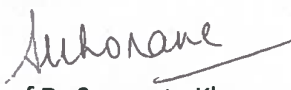

I am writing this reference at the request of Mr Yiklun Kei. I have known Yiklun Kei since October 2015 when he came to Bournemouth University and did a short period of research work at the Faculty of Management. He undertook unpaid research work at Bournemouth University from October to December 2015. During this time, his performance was excellent and he was responsible for gathering data for an ongoing project. When the project team encountered problems with the computation of large datasets he was able to separate the dataset and find a working solution. He has also demonstrated good and hands-on knowledge of working with statistical programs, such as R, python, SAS, Stata and SQL.

Yiklun Kei is an independent and motivated self-learner. He demonstrated strong ability to grasp concepts from self-reading and research. He has good team skills and he is keen to share and learn. Though Yiklun Kei is not an English native-speaker he is fluent in English language, both spoken and written. He also has very strong interpersonal and communication skills. Further, he has outstanding organizational skills, is a good team player and is able to work under pressure successfully.

I am confident that he will be valuable addition to any team. I highly recommend him and wish him the very best in future.

Please feel free to contact me, Prof S. Khorana, at skhorana@bournemouth.ac.uk should you require any further information.

Sincerely,

Prof Dr Sangeeta Khorana
